

STAY THE NIGHT - James Blunt

Hello! I checked the chords available for this song and I noticed there is one with some mistakes and with the capo at 7th, just as it should be, and one with the accurate chords but not the capo. So I decided to mix those two. These are the correct chords!

Capo #7

G D Em C
G D Em C

D Em C
It's 72 degrees, zero chance of rain

G D
It's been a perfect day

D Em C
We're all spinning on our heels, so far away from real
G D

In California

Am C
We watched the sunset from our car, we all took it in
Am C D
And by the time that it was dark, you and me had something, yeah!

G D Em
And if this is what we've got, then what we've got is gold
C

We're shining bright and I want you, I want you to know
G D Em

The morning's on it's way, our friends all say goodbye
C

There's nowhere else to go, I hope that you'll stay the night

G D Em C

(Same chords as verse, bridge and chorus)

We've been singing Billie Jean
Mixin' vodka with caffeine
We've got strangers stopping by
And though you're out of tune
Girl you blow my mind, you do
And I'll say I don't wanna say good night

There's no quiet corner to get to know each other
And there's no hurry I'm a patient man Is your discover

Cause if this is what we've got, then what we've got is gold
We're shining bright and I want you, I want you to know
The morning's on it's way, our friends all say goodbye
There's nowhere else to go, I hope that you'll stay the night

G D Em C

Am C G D Em D
Just like the song on our radio set

Am C G D Em D
We'll share the shelter of my single bed

Am C G D Em D/F# C
But it's a different tune that's stuck in my head

D
And it goes..

G D Em
If this is what we've got, then what we've got is gold
C

We're shining bright and I want you, I want you to know
G D Em

The morning's on it's way, our friends all say goodbye
C

There's nowhere else to go, I hope that you'll stay the night

G
